It Will Gain Your Confidence.

We go straight to the mark to make known to you our reliable clothing, and liberal ways of selling it.

Fidelity in qualities and low prices are not one whit more diligently attended to than having the workmanship honest and true.

Our care in this is peculiar. We give no room to customers to gainsay the careful making. Don't we stand in your place? How can you tell save by wearing whether the sewing is strongly or carelessly done? We don't ask you to.

Our inspectors—trained to their special work—make vigilant and minute search to see that linings are true, staying-pieces in, buttons tight and seams. Can we go further? You'll neither be bothered with ripping seams or buttons coming off.

You may trust our care and our guarantee. Can we make safety surer? Where will your money go so far for serviceable clothing?
